Paul Mitchell The School Chicago

UIC AMENITIES

The School offers the option for students to participate in amenities offered by the University of Illinois at Chicago (UIC). Available options include parking, which is a year-long plan. These amenities are non-refundable and nontransferable. Please contact the school's Financial Services Leader to discuss these options. *Please note that for those students that have the school pay for their parking, any increases in the parking rate will be passed on to the student. UIC normally increases their fees in July of each year, and any students using the facility at that time will be charged the additional fee prior to completion. For more information, please see the Financial Services Leaders.*
