Paul Mitchell The School Fayetteville

VA SATISFACTORY ACADEMIC PROGRESS POLICY

VA students will be evaluated at the end of each month. If a student failed to meet standards (attend 80% of certified weekly clock hours for the month, or 70% average for academics) during that month, they will be given an Unsatisfactory Progress Report for that month and placed on probation for the following month. At the end of the month of probation, if the student continued to fail to meet standards (attend 80% of certified weekly clock hours for the month, or 70% for academic), they will be terminated.
