Paul Mitchell The School Lexington

SCHOOL FACILITIES

Our programs offer the challenge of a stimulating and rewarding career. Paul Mitchell The School Lexington is fully equipped to meet all the demands of modern hair care, while at the same time providing a high-tech atmosphere and attitude for progressive personal development. The 12,300 square-foot facility includes a student lounge and lockers, client reception and work areas, management offices, private classrooms, workstations, and equipment.

Our location is 100% handicapped and wheelchair accessible. Our entrance offers two wheelchair ramps and double doors. Inside our school the entire school is on one level. We have three restrooms (1 men's, 1 women's, 1 general) each of which are wheelchair accessible and all three of them have handicapped stalls. We have three classrooms that have large enough doorways to accommodate wheelchair access. Our emergency exit and general classroom are slightly elevated compared to the rest of the school. In both cases, the exit and the classroom both have wheelchair access ramps. Our clinic floor area contains 58 stations and each of these stations are in a large enough area to accommodate wheel chair access to the stations and room to maneuver a wheel chair to gain access to the clinic chair. Finally, in our wash house, our chairs are movable to accommodate a wheelchair and our shampoo bowls are positioned low enough so that a a wheelchair may access the bowls. Just off our clinic floor we have two drinking fountains for both guests and students. We have one that is positioned lower so that someone in wheelchair can access the fountain.

Students must abide by local (city and/or landlord) parking rules, which are announced during orientation. Paul Mitchell The School Lexington will not be responsible for parking violations and/or towing fees.
