Graduates are prepared to be an entry level makeup artist.
This course is taught in English. Textbooks and course materials are only offered in the English language.

MAKEUP ACADEMY COURSE OVERVIEW

Course Hours: 100 clock hours

The course is divided into classroom instruction and clinic classroom learning experiences.

- **Pre-Clinical Classroom Instruction:** Future Professionals spend time devoted to pre-clinical classroom instruction where they develop foundational knowledge and practical skills through classroom workshops, demonstrations, theory instruction, and guided practice. Instruction emphasizes design principles, technical procedures, safety and sanitation, professional conduct, and readiness for supervised services.
- **Clinic Classroom Learning Experience:** Future Professionals apply classroom learning through supervised practical instruction and guest services. With coaching and guidance from Learning Leaders, they refine technical skills, consultation and communication, guest experience, safety and sanitation practices, and professional work habits.

MAKEUP ACADEMY COURSE OUTLINE

1. **Makeup Artist Curriculum:** Students will master the knowledge and skills in makeup artistry and gain a strong foundation of: cosmetic chemistry, sanitation, makeovers, natural application, evening application, camouflage, corrective, character, high-definition photography, editorial, glamour, and bridal work. Students will learn sales techniques, advanced product usage, and customer relations in preparation for work as makeup artists in salons and spas, on set, in the studio or paramedical spas, or for freelance makeup career opportunities.

MAKEUP ACADEMY INSTRUCTIONAL TECHNIQUES AND METHODS

The courses are provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation and job entry level skills. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative and productive career oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course.
