Paul Mitchell The School San Diego

SUSPENSION, TERMINATION AND ADDITIONAL FEE

Students may be suspended or terminated from enrollment in the School, at the School's discretion, for reasons which include, but are not limited, to failing to comply with School rules or general policies, leaving the School without permission during the scheduled hours of a Students' Program, failing to attend for 14 consecutive calendar days, failing to complete practical worksheets, failing to attend theory classes or take theory tests, failing to meet the School's policies regarding Satisfactory Academic Progress, failure to pay tuition and charges when due, and/or otherwise acting in a manner detrimental to the classroom environment, the well-being of fellow students, faculty, staff, visitors, or institutional facilities.

As outlined in the Catalog, Future Professionals may be required to receive coaching sessions for noncompliance with certain policies. The number of coaching opportunities is dependent upon the program in which they are enrolled. For Cosmetology, Cosmetology Make-up, Cosmetology/Barbering and Barbering Program students, once they have received five (5) coaching sessions, the Student may be suspended from the School for five (5) days. For Esthetics and Make-Up Program Students, once they have received three (3) coaching sessions, the Student may be suspended from the School for five (5) days. Suspended Students will be required to pay the administrative re-entry fee of $100.00. If a Student receives two (2) additional coaching sessions after re-admission from a five (5) day suspension, the Student's enrollment may be permanently terminated by the School. A Student may also be suspended or terminated by the School without prior coaching sessions for violating the Future Professional Advisory Policy.
