Paul Mitchell The School San Diego

COSMETOLOGY/BARBERING COURSE INFORMATION

COSMETOLOGY / BARBERING COURSE DESCRIPTIONS

Cosmetology/Barbering: Standard Occupational Classification *(SOC 39-5012.00):*
Classification of Instructional Program (CIP 12.0401)

The state of California requires 1200 hours of education to become licensed as a cosmetologist, however, the school offers a 1200 hour cosmetology/barbering program. The 1200 hour course includes extensive instruction and practical experience in cutting, hair coloring, perming, customer service, personal appearance and hygiene, personal motivation and development, retail skills, client record keeping, business ethics, sanitation, state laws and regulations, salon-type administration, and job interviewing. Within the additional 200 hours the course will include extensive instruction and practical experience in shaving

**Graduates are prepared for an entry level cosmetologist and/or barber.*

This course is taught in English. Textbooks and Course Materials are only offered in the English Language.

COSMETOLOGY / BARBERING COURSE OVERVIEW

Course Hours: 1200 clock hours

The course is divided into pre-clinical classroom instruction and clinical service learning experiences.

- **Pre-clinical Classroom Instruction:** The first hours are devoted to classroom workshops where students learn design principles, technical information, and professional practices.
- **Clinic Classroom Learning Experience**: The remaining hours are spent in the clinic area where practical experience is gained.

COSMETOLOGY / BARBERING COURSE OUTLINE

Your time at Paul Mitchell The School San Diego for the cosmetology/barbering program will be divided into six designations:

- **Core Curriculum**: The first hours, called orientation, known as the Core program, instills the basic fundamentals. Students are graded and evaluated using written, oral, and practical testing methods. Students must successfully complete the Core curriculum prior to attending regularly scheduled daily classes in cutting, coloring, permanent waving, and chemical texture services.
- **Protégé Learning Experience:** Your experience as a Protégé produces a smooth transition from Core student to Adaptive student. You spend the next hours as a Protégé preparing you for the clinic classroom experience.
- **Clinic Classroom Learning Experience**: Your clinic time, on the clinic classroom, will be guided with individual attention and group learning experiences using mini-classes, monthly worksheets, and periodic evaluations developed specifically for this monitoring progress. This is when you begin experiencing your clinic classroom education on paying clients in the clinic classroom
- **Classroom Learning Experience:** Your classroom time is divided into five (5) areas: cutting, coloring, texture, makeup, and nails. Each area has an instructor in the field who conducts the different elective classes each week; Classroom Learning Experiences may also include retail, motivation, self improvement, professional development, and attendance education which may be conducted by an instructor, non-licensed staff member or guest artist.

- **Adaptive Curriculum:** As an adaptive you will enter a new phase of elective classroom workshops coupled with challenging practical services designed to continue building you into a confident designer.
- **Creative Curriculum:** You will spend your last hours at Paul Mitchell The School San Diego in "high gear" by dressing, acting, and working like a true professional. You will use your own artistic and creative abilities, coupled with the assistance of the Learning Leaders, to prepare yourself for your future beauty industry career.

No additional hours will be required to complete the additional training, and these additional courses are not a requirement for state licensure.

No additional hours will be required to complete the additional training, and these additional courses are not a requirement for state licensure.

Exceeds means that during the course of your training you may complete more services then what is listed, however no additional hours, over the 1200 required by the Board of Barbering and Cosmetology (BBC) will be required.

COSMETOLOGY / BARBERING PROGRAM TESTING AND GRADING PROCEDURE

The following tests and grading procedures are used to assess student learning and mastery of course content in the 1200-hour course.

1. **Academic theory exams**: Students must receive a grade of 75% or higher on each assigned theory exam.
2. **Core written and practical skills evaluation**: Students must receive a grade of 75% or higher on each written exam and each practical skill exam in order to complete the Core program. The exams are an overview of instruction taught during the Core schedule. All Core written and practical skill exams must be passed with a 75% in order to transition to the Clinic Classroom. If students are unable to pass each exam after two attempts, the student may be asked to withdraw from the program and re-enroll in the next available Core class start date.
3. **Final exam 1**: This test covers an overview of all related cosmetology subjects (e.g., anatomy, chemistry, etc.). Students must receive a grade of 75% or higher on all final exams.
4. **Final exam 2**: The written exam covers an overview of all theory instruction, California state law, and other items covered on the state cosmetology exam. Students must receive a grade of 75% or higher on all final exams.
5. **Clinic Practical Skill Assessments**: Future Professionals progress in practical skill assessments and theory hours will be digitally monitored on a weekly basis by the Future Professional Advisor using My Portico App. All assigned practical skill assessments must be completed in order to complete the program.

COSMETOLOGY / BARBERING INSTRUCTIONAL TECHNIQUES AND METHODS

The 1200 hour cosmetology / barbering program are provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation, and job entry level skill. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lectures, demonstration, distance education, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course.
