SAFETY PRECAUTIONS FOR THE BEAUTY INDUSTRY

Safety Precautions and Industry Requirements

By following safety precautions you contribute to the health, welfare, and safety of the community. Keep a first aid kit on hand, follow safety regulations, and keep equipment properly sanitized. The following precautions should always be taken with each client:

- Protect the guest's clothing by appropriately draping them.
- Ask the guest to remove any jewelry, hair accessories, glasses, etc.
- Keep any and all chemicals away from the eyes. In case of eye contact with chemicals, thoroughly rinse eyes with cold water.
- Wear gloves when working with chemicals.
- Remember that anything containing chemically active ingredients must be used carefully to avoid injury to you and your client.
